AGC MARINE TELECOM :

AGC MARINE TELECOM BASED ON THE FRENCH RIVIERA HAS SPECIALIZED IN NAVIGATION, TVRO, V SAT AND ALL ELECTRONICS FOR YACHTS AND CRUISE LINERS WORLDWIDE SINCE 1997. ALSO, WE ARE SEATEL DISTRIBUTOR, MAIN IMPORTER FOR FRANCE AND A EUTELSAT MARITIME PARTNER. AGC MARINE TELECOM IS NUMBER ONE IN ITS FIELD.

This year, we celebrate 10 years in business. Our scope of supply includes sales, installation, repair and maintenance of antennas, telecommunication systems and navigation aids on board all vessels though specialising in super yachts, both in France and abroad. We also supply state-of-the-art TV, computers and Internet-at-sea systems on board. We are the main distributor and importer for France and the third in Europe for Sea Tel antennas and equipment for Satcom and TV. We continue to be the official integrator of the EUTELSAT maritime broadband. We install and maintain leading navigation equipment brands like Furuno, Sperry, JRC and Simrad. We sell and provide after sales service for TVRO and V-SAT Antennas. AGC Telecom has a very diverse client base including Shipping lines, Ferries and Passenger Ships along with yards like Chantiers Atlantique in St Nazaire and numerous yacht builders in Viareggio in addition to many owners and operators of private and charter yachts. We supply services and equipment to conversion and refit projects as well as new builds in yards from Germany to Dubai.
